MESSAGE FROM THE CHAIRPERSON

OPENING MINDS FOR NEW POSSIBILITIES

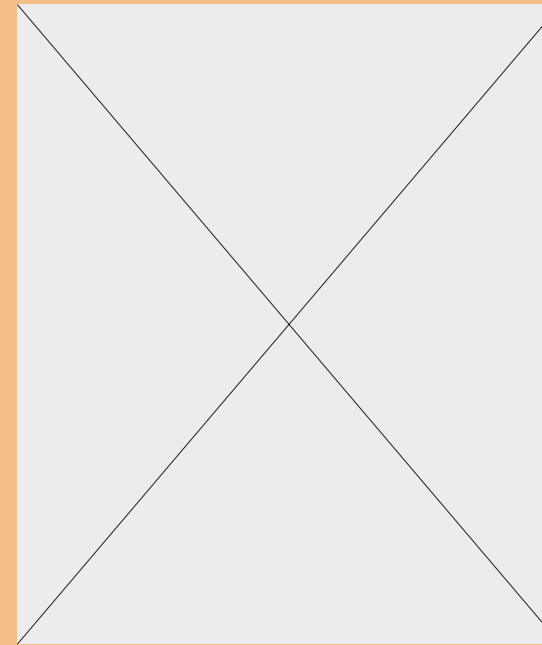

It is said that a leader is born with the birth of every child. The only need is to provide an enabling environment, careful nurturing and effective use of their unbound talents.

At the school, our philosophy is to reduce pressure and carefully nurture the student's hopes and desires while boosting self-esteem. We believe we all have the capacity to improve and learn. Children develop this capacity at different rates. And just like a potter molds clay, constant encouragement, immense hard work and love can mold students into future leaders. This year, the pandemic changed the world for good, and we fast-tracked into hybrid learning overnight. Technology's making it easier for us to talk, to collaborate, to continue work. And, Jaipuria Group is leading the charge with online classes, assessments, music, dance, app based learning and other tools to ensure that no matter what, learning does not suffer.

Students at our school will not compete with each other, but with themselves by constantly raising their expectations and achievements. This will not only make them self driven but also sensitive and empathetic to other's failures and emotions. True learning comes through igniting the curiosity of each child and by guiding till they are free from fear of failures.

We seek to groom future leaders and ensure that each one is physically sound, mentally capable and emotionally secure to face challenges of life. We are but a guiding medium on their way to greatness ensuring they are not led astray.

TRANSFORMING EDUCATION IN PRAYAGRAJ

ABOUT TRUST

Gram Shiksha Sewa Sansthan, is an organization registered under Societies Registration Act. Gram Shiksha Sewa Sansthan (The Society) is a non-profit, non-proprietary, private, educational organization. The sole purpose of its establishment is to provide ways for the overall growth of the community and to impart the quality education with the kids and youth. In order to achieve this, the Society will partner with the Government and different educational institutions/ organizations to bring the quality education to the students. The Society has established Sri Shiv Bali Singh (P) Industrial Training Institute, a premier vocational training institute in Fatehpur, which aims to deliver the industry-relevant skill training and to create the professionals in the technical areas. The students are trained to match the expectations of the Indian manufacturing sector in respect of quality and productivity. The Society has been working on establishing a teachers training institute to deliver the quality training to future teachers and to equip them to deliver better education at pre-primary, primary and secondary levels.

The Society has setup a premier quality English medium, co-educational school in the Fatehpur City under the brand of Seth M. R. Jaipuria School. The proposed school will provides world class education from Nursery to Class XII. The School will focus on providing the value based education based on latest technology and thereby creating a strong learning environment that support the overall development of the child with core values.

The Society is dedicated to the students and will keep striving for excellence in education through development of their knowledge and skills. We strongly believe in our social responsibility and committed to work in a ethical and sustainable manner.

INSPIRING GENERATIONS IN PRAYAGRAJ

From being the center of many battles of India's independence to being an important center for culture, literature, religion, sport, heritage and history, Fatehpur has etched it's mark in the chronicles of India. Known to be as old as the Vedic era, Fatehpur has found mentions in the chronicles of Cunningham and Huen Tsang. The city between two holy rivers Ganga and Yamuna, was founded by Rishi Purwar and later on he became the King of city During reign of the Mughals and also during Gupta empire, many localities of Fatehpur were developed and the city converted into a prosperous business center. Many majestic buildings came up in Bhitura, Imali, Shivrajpuri and Renh, and exist even today in very good condition.

As the nearby trade centers prospered, the city started gradually slipping into oblivion, however, that does not mean that Fatehpur has lost any of its glory or charm! One of India's better known Prime Minister V.P. Singh, noted poet Sohan Lal Dwivedi, renowned author and Urdu fiction writer Padma Bhushan Niaz Fatehpuri and freedom fighter Ganesh Shankar Vidyarthi all have their roots in the city of Fatehpur.

ABOUT SETH M. R. JAIPURIA SCHOOL, PRAYAGRAJ

A heritage spanning over seven decades and four generations that distinguishes Jaipuria from the others is making its headway into the mystical city of Fatehpur. A premier education institution of the country, Jaipuria have gained trust and admiration of the people of the country with its four management institutes of repute and twenty K-12 schools (and counting) which have over 10,000 students, 20,000+ Alumni, 3000+ teachers and staff, and achievements, awards and accolades galore! True education is an act of awakening a latent mind and filling it with new insights into the world. It is the never-ending process of liberating a mind from the darkness of ignorance to the light of knowledge, new perspectives and deeper understanding. Essentially, all good education forms a support system for hidden talents to emerge and for the student to go on and excel in life. At Seth M. R. Jaipuria School, PRAYAGRAJ we understand the power of education. We aim to provide our students with a transformational experience; one that will liberate their minds, encourage them to think out of the box, to learn and imbibe the nuances of management practices, to innovate and to make informed choices. Learning with the mind, leading with the heart At Jaipuria, we do not merely educate, we empower. That's exactly why our ethos is built around the student, the individual who yearns for knowledge. The curriculum and pedagogy at Jaipuria makes the student a partner, an active participant in the teaching-learning process. On a larger scheme of things, our education system needs to be re-vitalised. For instance, we have the most number of engineering graduates in the world, but that has not translated into much technological innovation here. We are busy running the call centres of the rest of the world – that is where our engineering skills end. The goal of our new education system should be to create entrepreneurs, innovators, artists, scientists, thinkers and writers who can establish the foundation of knowledge based economy rather than the low-quality service provider nation that we are turning into. Seth M. R. Jaipuria School is not just an academic institution but a cult – a covenant that becomes a hallmark in the scholar's life and in whose portals the destiny of the nation is shaped.

I AM INDEPENDENT

I AM WITH YOU

We believe we are partners for building the future. While we all prepare for a new world, we understand that change can bring its own challenges. At Jaipuria, we are committed to parents to offer them a safe, open, warm and hassle-free experience to groom tomorrow.

Online PTM

Child's progress is a mutually shared responsibility of parents and the School. Jaipuria believes in continuous feedback sharing through multiple online and physical meetings with the parents throughout the year. The teachers and the Corporate Office Team also take the telephonic feedback on a regular basis.

Online fee payment

Parents make digital payments through our safe and secure portals, saving their time and ensuring their wellbeing.

Helpline for parents

The students and parents are supported for all the technical issues during the pandemic. All the communication including classes, assessment, activities and competitions are happening online with proper guidance and support. Parents can also call our helpline on Delhi for any urgent help regarding any issue.

I AM A FOCUSED LEARNER

At Jaipuria, our innovative and integrated approach helps children go deeper into a chosen theme or concept. It allows them to learn a more inclusive perspective at their own pace. Flipped learning, student-led classrooms, collaborative learning through team projects, case studies and interdisciplinary projects have always been the cornerstone of our educational focus.

FOCUS OF THE MONTH

Children are exposed to one subject or theme in multiple ways throughout the month. This helps them connect to the subject at a metacognitive level of learning.

Children gain insights and apply their knowledge through a list of activities.
